DRESSED TO KILL

For 35 years Dressed To Kill have been deemed the best European KISS tribute band. Since 1990 we have been setting the standards and raising the bar for delivering the most authentic fire breathing, blood spitting and guitar smoking KISS live experience possible.

We have shared the stage with members of KISS during KISS Conventions And also performed live in the TV show, Gene Simmons Rock School at the request of the demon himself.

Having previously toured Europe & Japan, we continue to deliver 50+ shows each year. What is special is we see a much younger audience attending with their parents and grandparents which just goes to show that the love for a KISS concert is not fading but is part of a family tradition

Kerrang! Magazine called us “Unmissable” and “The worlds top tribute act”
Classic Rock Magazine hailed us as “Better than KISS”

With a huge social media following you can understand why people love to spend an evening with Dressed To Kill. It is non-stop KISS from start to finish. We bring authentic costumes from the Creatures Of The Night/Kiss World eras Signature guitars, fire, blood, smoke, pyro, emulate KISS mannerisms and song introductions and everything you would expect to see for a truly authentic KISS experience

YOU WANTED THE BEST.....YOUR GOT THE BEST.....
